## ABOUT ME

UX Designer with 4+ years of experience crafting user-centric solutions across B2B and B2C products, including enterprise dashboards, mobile apps, and consumer websites. Skilled in design thinking, prototyping, and agile collaboration.

## WORK EXPERIENCE

### **Corbado** – Munich, Germany

**City:** Munich | **Country:** Germany | **Website:** <https://www.corbado.com> | **Business or sector:** Information and communication

#### User Experience Designer

[ 01/11/2023 – Current ]

- **Led end-to-end design of enterprise dashboard** and 4 developer tools (Web, iOS, Android) to simplify passkey integration.
- Facilitated **design sprints and cross-functional workshops** to align on identity workflows and user journeys.
- Improved UX and SEO across key site pages (main website, FAQs, pricing, blogs) and created B2B marketing content for LinkedIn and Product Hunt, helping to stand out in the enterprise identity space.
- **Impact:** Boosted developer and enterprise onboarding, enabling over 5 million Australians to securely access applications, and played one of the key roles in positioning Corbado as a trusted passkey leader in regulated industries.

### **Technische Hochschule Ingolstadt** – Ingolstadt, Germany

**City:** Ingolstadt | **Country:** Germany | **Website:** <https://karunasolanki.com/projects/sahyog> | **Business or sector:** Information and communication

#### Master Thesis - UX Researcher & Designer

[ 01/04/2024 – 18/01/2025 ]

- Conducted **in-depth UX research** to design Sahyog, a digital educational resource app for Alzheimer's caregivers in India.
- Utilised **grounded theory**, carried out **field research** at Care Center (India) to understand challenges, needs and pain points.
- Designed and developed app features including pre-diagnosis alert tests, gamified scenario cards, nearby care center search, and a secure community-driven support space.
- **Impact:** Project demonstrated measurable success in improving user's understanding of Alzheimer's and confidence in caregiving through feedback analysis.

### **Self Employed** – Jodhpur, India

**City:** Jodhpur | **Country:** India

## Web/UI Designer

[ 01/03/2022 – 12/02/2023 ]

- Designed and developed web and mobile applications for 13+ clients, **improving KPIs by over 12%** for 3 key clients.
- Delivered 3 responsive e-commerce websites (with **an average of 7.8% sales uplift**).
- Created marketing assets (brochures, flyers, presentations), driving stronger brand recall and user engagement.

 **Tata Consultancy Services** – Ahmedabad, India

City: Ahmedabad | Country: India | Website: <https://www.tcs.com> | Name of unit or department: Revenue Assurance - Business or sector: Information and communication

## User Experience Engineer

[ 11/03/2020 – 02/02/2022 ]

- Led the automation of **UX workflows**, improving operational efficiency in the telecom domain.
- Collaborated with cross-functional teams to optimise network and mediation processes, ensuring system integrity with design compliance.
- Designed KPI dashboard and developed scripts to automate workflows using Hadoop framework, MySQL and monitored KPI's to detect discrepancies.
